

Pre-Pay Agreement

Summary: Traditional electric billing involves using the electricity first and receiving a monthly bill after the fact that is due on the 20th of each month. Pre-Pay allows Members the freedom to pay when they want and not have to pay a deposit, late fee, disconnect fee, or reconnect fee. With Pre-Pay, a Member simply pays ahead and establishes a credit balance. Then, as electricity is used, that balance is decreased each day. The Member must make adequate payments to maintain a credit balance. A Pre-Pay Member can monitor their usage and credit balance as often as they want with the Cooperative's mobile app, website, 24-hour phone service or by calling our office during normal business hours.

Pre-Pay is available only to single phase, direct metered residential accounts including those with outdoor lighting and/or satellite internet. Residential accounts on Auto-Pay, Budget Billing, combined propane billing or that have payment contracts for anything other than electric use are not eligible for Pre-Pay.

New Members: New Members are required to complete a Membership Application if one is not currently on file. A minimum payment of \$50.00 for electric use is required for initial service. Pre-Pay accounts will be charged in accordance with Policy Bulletin No. 75A (Schedule 1-5 Pre-Pay Residential Service). No deposit is required but in the event the Member wishes to convert from Pre-Pay to a traditional payment account, all applicable policies, credit checks, deposits, and fees will apply.

Existing Members: Existing Members opting to convert their account to Pre-Pay must pay in full all pre-existing fees and current account balance. Unbilled usage must also be paid in full. Members may choose to have existing deposits applied (when applicable) to account balances and/or their Pre-Pay account credit, with the understanding that if the Member wishes to convert from Pre-Pay back to a traditional payment account, all applicable policies, credit checks, deposits, and fees will apply and any outstanding debt must be paid in full. An account must have at least a \$50 credit to begin Pre-Pay billing.

Payments: Members selecting Pre-Pay are responsible for making minimum prepayments of \$25.00 per transaction, toward their account to maintain a positive balance. Payments can be made at the Clearwater Power Company office during normal business hours. Payments can be made 24 hours-a-day via credit card or debit card through the automated phone system at 1-888-743-1501, online at www.clearwaterpower.com, or with the SmartHub mobile app.

Notification: It is the Members' responsibility and the Cooperative's recommendation that the Members monitor their usage on a daily basis. Clearwater Power Company will provide low balance and disconnection notification but cannot guarantee that all notification or messaging will reach Members prior to disconnection. Members may choose to be notified by text message and/or email. Members must provide a working cell phone number and/or e-mail account to receive notices. Clearwater Power Company will send low balance notifications when a Pre-Pay balance has dropped below \$20.00. **Pre-Pay accounts will not receive a monthly bill.** Clearwater Power Company will provide 24-hour access to usage information online at www.clearwaterpower.com, via SmartHub mobile app and by phone. Member Service Representatives will also be able to provide this information during normal business hours.

Billing: Pre-Pay account charges will be calculated and debited daily. These charges will include electric use as well as other applicable charges and fees including, but not limited to, Service Availability Charge, internet and outdoor lighting. Pre-Pay accounts do not receive paper statements or e-bills. Daily Pre-Pay account information including usage, charges and payments will be available via phone, SmartHub mobile app, or online at www.clearwaterpower.com

Disconnection: Pre-Pay accounts will be subject to automatic disconnection when the credit balance falls below \$0.00. There will be no extensions or payment arrangements. Medical conditions and/or weather conditions will not postpone disconnection. Accounts will not be reconnected until balance is brought up to a credit balance (including payment of any unpaid usage). Any returned checks or other fees will be charged to the Member's account immediately. If this causes the credit balance to be exhausted, service will be subject to disconnection. Once a check has been returned on a Pre-Pay account, Clearwater Power Company will no longer accept checks for payment on that account. _____(Initials)
